Outline

Start with Who You Are: <i>Open with a strong statement that grabs attention while reviewing your introduction basics.</i>	I am a curious and driven individual, always eager to explore new ideas and tackle challenges head-on. With a passion for continuous learning and growth, I thrive in environments that push my boundaries and expand my horizons.
Next talk about What You Do: <i>Communicate what you currently do and/or what you're hoping to do by way of describing the current stage you are at. (i.e - enrolled in a bootcamp learning ____)</i>	Currently, I am a consultant for electronic Medical Record as a freelancer. I delved into the surface of interface training of the end-users of softwares like Epic and Cerners specifically.
Describe your Value Add: <i>What makes you unique when you think about your background, current experience, and the new skills you're acquiring and how you can be of service to others?</i>	Integrity, curiosity, and empathy are at the core of who I am. I believe in treating others with respect and kindness, and I strive to make a positive impact in everything I do.
Finish with your Call to Action: <i>Are you requesting an informational interview, or maybe you want to learn about their company? This is key to getting a response; have a specific call to action.</i>	If you're looking for someone who is passionate, driven, and ready to tackle new challenges, then let's connect and make great things happen together. Whether it's a new project, a collaboration, or simply exchanging ideas, I'm excited to explore the possibilities with you. Reach out, and let's embark on this journey of growth and success!

Final Product

Now, create a cohesive short paragraph that incorporates your statements above. Make sure it can be verbalized within 30 seconds and submit this document once you're done.

I am a curious and driven individual, always eager to explore new ideas and tackle challenges head-on. With a passion for continuous learning and growth, I thrive in environments that push my boundaries and expand my horizons.

I'm passionate and curious about the general existence of things and how they come to exist, mostly the integration of computers and softwares in our daily life, which drives me to stay informed and engaged in this area.

In a nutshell, I am a dynamic individual dedicated to making the most out of every opportunity and leaving a lasting, positive impression.
